## Have you ever wanted to:

- Become a Coach in your organisation?
- Make Coaching a career?
- Add value to your business by offering Coaching services?
- Enhance your mentoring and consulting skills with Coaching?
- Lead organisations and teams more purposefully & productively?
- Communicate and manage more effectively with Y generation?

If so, read on...This information may have come at just the right time for you or someone you know!

## This Training is for...

### Leaders and Managers looking for...

- Coaching and communication strategies to enhance relationships with co-workers?
- Different ways to enhance engagement of staff and improve the productivity, performance and self-responsibility of direct reports?  
(Smart managers lead through Coaching as well as through Supporting, Delegating and Directing)

### Aspiring Coaches who...

- Frequently engage in offering people guidance and hope but want more skills and training?
- Thrives on personal growth in self and others?
- Experience a sense of fulfilment in helping individuals and teams release and maximise potential?  
(Imagine a career in empowering people in business, schools, hospitals and in their personal lives!)

### Business Mentors and Consultants who are wanting to...

- Empower clients more through a coach approach and less through advising and telling?
- Be better equipped to help business owners manage and lead staff to be more accountable, responsible and take more ownership?  
Facilitators: (People today want to be "coached" not just "told")
